REMOTE TRAINING SEMINARS AND SUPPORT FOR POSTGRADUATE STUDENTS
ACADEMIC YEAR 2020-2021
Spring semester

The AUEB Library and Information Center continues to offer training seminars for postgraduate students at the University. **The major prospect is to acquaint all students with the infrastructure, the collections, the digital resources and the Library services, so that they can explore and use them, to familiarize students with the techniques of finding and using scientific and quality information, and to give basic guidelines on how to write a paper or a thesis, to avoid plagiarism, and to reference sources.**

In order to address the changes and challenges due to the COVID-19 pandemic, the Library is utilizing the tools for distance learning and is organizing **educational activities with the use of the MS Teams platform**.

In the same way, the Library is providing systematic **online (live) help for the personalized support of every AUEB member**, in terms of remote access and use of digital resources, research material, and guiding. Additionally, the service **"Ask a Librarian"** provides answers to users' questions through their e-mails.

In this context, using the feedback from participants in previous seminars, **the Library has scheduled the following remote seminars and online help for the spring semester**:

Library Remote Seminars					

<table>
<tr><th>Postgraduate students</th><th>Program</th><th>Duration</th><th colspan="2">Content</th><th>Dates</th></tr>
<tr>
<td rowspan="2">CONNECT HERE</td>
<td rowspan="2">The seminars are entitled "Exploring and utilizing the information systems and the resources of the Library".
They are made up of two sections that will be repeated on specific days and specific times during the period 01/03 through 21/04/2021 using the MS Teams platform.</td>
<td rowspan="2">One and a half hours for each section</td>
<td colspan="2">Section 1
